

AYA Cancer Foundation of San Antonio

Spring Fundraising Luncheon

Estancia del Norte Hotel, San Antonio, Texas

Thursday, June 20, 2024, 11:00 AM – 1:00 PM CT

Imagine all the pressure of growing up and starting a career and a family when you hear, “You have cancer.” Cancer sucks at any time. But few groups face as many challenges as our adolescents and young adults with cancer (AYAs).

In 1996, Dr. Archie Bleyer sounded the alarm when he found that 15-39-year-olds were dying from cancer at a much higher rate than other age groups. He also noticed his AYA patients had complex psychological, social, medical, and practical needs.

AYAs, their providers, and caregivers need education and support to improve longevity and preserve quality of life. The AYA Cancer Foundation provides practical help through financial support for fertility preservation and living expenses. We also provide educational opportunities to elevate AYA experiences so their caregivers can better address their needs.

Our Spring Luncheon on June 20th, combines these two causes. The money raised will directly support the AYA financial support fund, and Dr. Archie Bleyer himself will provide the educational keynote. Attendees will enjoy poetry and music from AYAs, a talk from Dr. Bleyer, silent auction, lunch, and networking opportunities.

We ask you to consider sponsoring this event. As a sponsor, you can attend in person or choose to donate some or all of your seats so that more AYAs and providers can attend this important event.

You will find a detailed breakdown of sponsorship information below.

Once you make your selection,

Thank you for filling in the gap for teens and young adults with cancer in our community.

With gratitude,

The AYA Cancer Foundation Team
